

UL-BES-L6024

Features:

- * Embedded high-speed IDT Microprocessor
- * H.264 compression
- * Ethernet connection port for LAN, WAN and internet
- * CD/DVD burner, removable USB hard drive support for backup
- * D1 resolution for live view and CIF resolution for playback
- * 6 SATA HDDs supported & Non-working HDD hibernated mode
- * USB mouse and IR interface
- * Motion detection on every channel
- * Internet access through web browser
- * Central management software for viewing/managing multiple DVR
- * 32x4 Matrix, support 4 Channels Virtual Matrix output (optional)

Specifications:

Video

CPU:	IDT Duo CPU
DSP:	BlackFin Video Processor
Format:	NTSC/PAL
Compression:	H.264
Input:	24 Channel, BNC
Main Output:	2 CH BNC, 1CH VGA
Matrix Output:	24

Audio

Compression Standard:	G.723/ADPCM
Input:	16CH BNC
Output:	1 Channel, RCA

Display

Resolution:	D1 704x576(PAL) 704x480(NTSC)
Division:	Single, Multiple (4/9/16/25/36)

Record

Resolution:	PAL: 352x288(CIF)_ NTSC: 352x240(CIF)
Frame Rate:	25 frames per channel/sec. full real time, flexible
Mode:	Manual/schedule/event (motion detection / alarm sensor)

HDD

Basic Storage:	6 HDD capacity Max:500GB/HDD
Requirement:	5400--7200RPM, 45MHZ DMA, EIDE compatible, Faster than 9.0 ms avg

Alarm

Input/Output:	1-12(NO/NC programmable) 3 Relays, 25 Pin D-SUB
---------------	---

Other

Network:	Simultaneously multi-channel recording/playback/network operating/surveillance
Network Interface:	2 USB2.0
USB Interface:	RJ45, 10/100M based T ethernet, TCP/IP, UDP, Multicast
PTZ:	RS422, RJ11
